

Zespół Szkół Ogólnokształcąco- Technicznych in Lubliniec

About school...

The beginnings of the school date back to 1924.

Over the years our school went through a lot of organisational changes as well as staff changes.

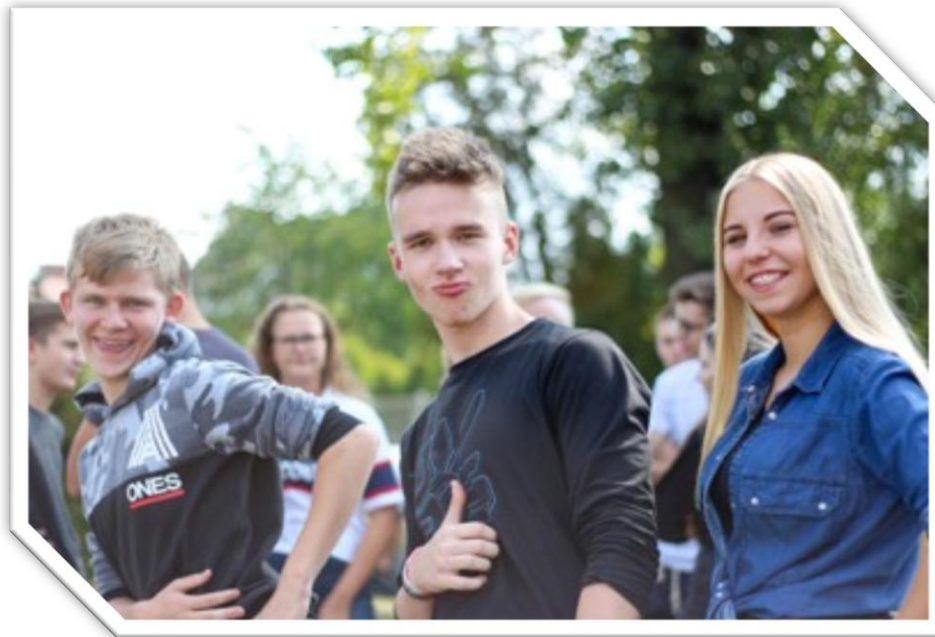

This photograph shows very first students and faculty.

About school...

Nowadays Zespół Szkół Ogólnokształcących Technicznych is the largest and the most frequently chosen school of Lubliniec County.

The photo shows freshmen.

School in figures

Our school includes:

- about 600 of students
- 60 of teachers
- 30 workshops(including 5 modern information technology labs)

Big opportunity in our hands

There is a good atmosphere in our school both within the student and academic population. There are trips offered during the year and students have gone on trips within Poland and also abroad (Spain, Italy and Germany). There is also an opportunity to participate in school events such as induction ceremonies for first grade students, integration trips, school-leaving ceremonies, sports events.

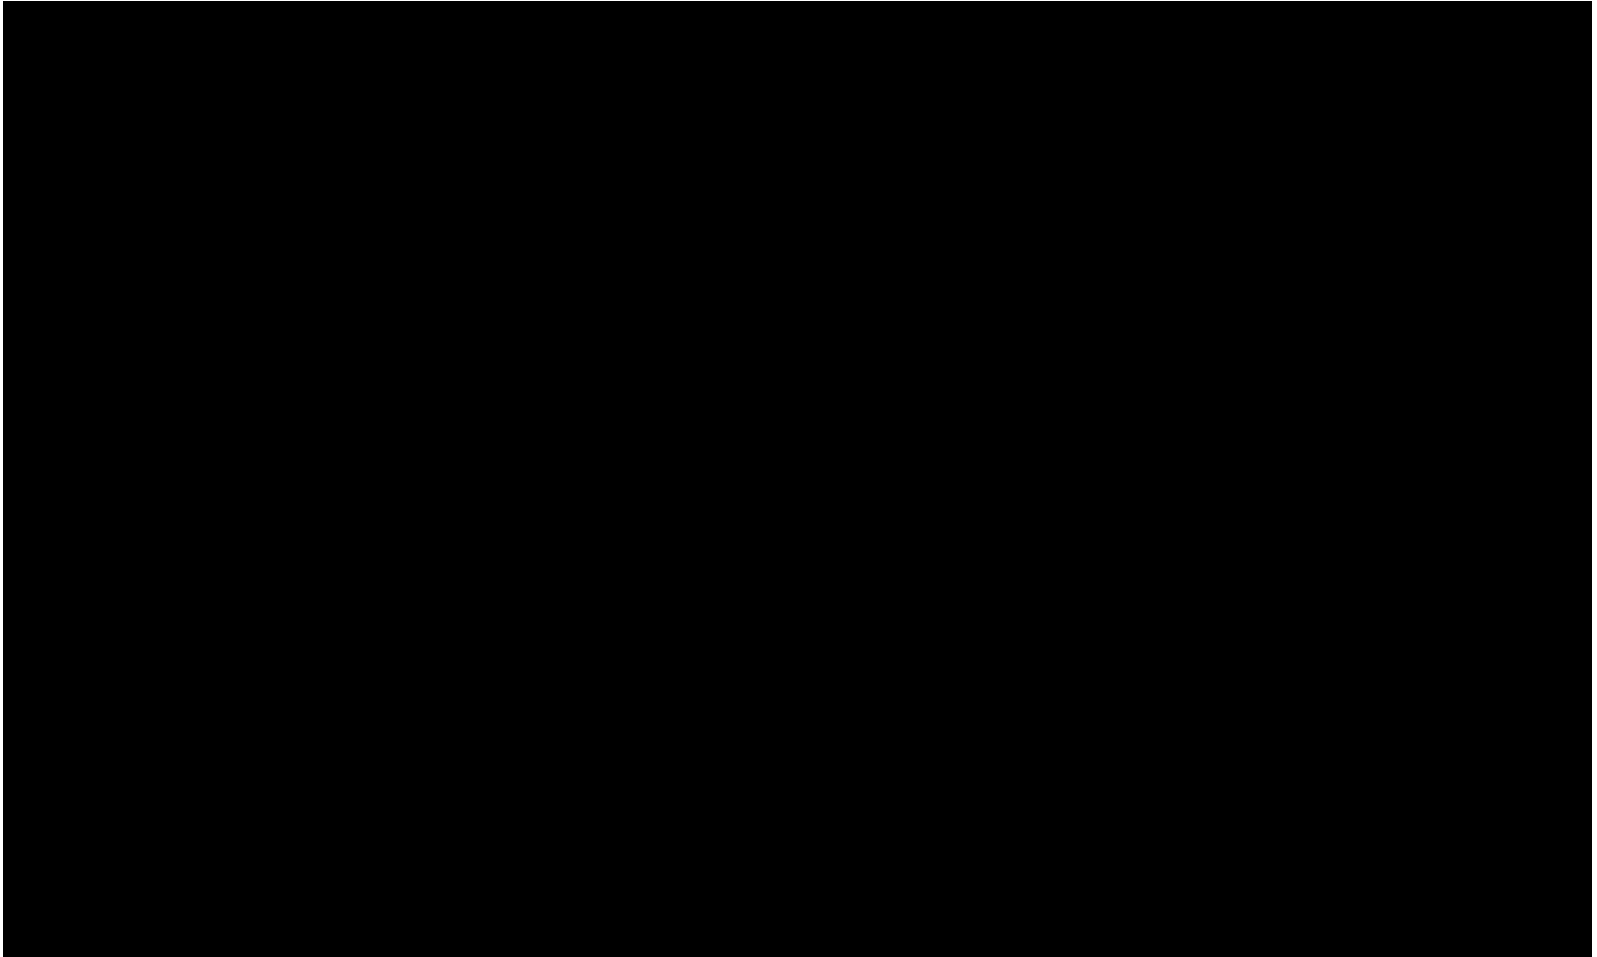

Types of classes in ZSOT

- Landscape architecture technician
 - Construction technician
 - Hotel technician
 - IT technician
 - Mechanic technician
 - Logistician technician
 - Highschool
(journalistic and managerial class)

**This short movie was directed by
our brilliant students.**
